

### **SATs Study Book Revision Timetable**

Please use the following as a guide to help you revise for SATs.

#### **Please do not write on the Study Books.**

For revision, we recommend pupils read through the set pages with an adult in order to discuss their understanding of the topic.

If you find a topic that is causing concern, please let us know via the home-school book so we can either revise as a whole class, with a small group or on a 1:1 basis.

Ratio, proportion and algebra is deliberately at the end of the Maths revision as these will be the last topics we will cover before SATs.

A record of which pupil has which books has been kept. Study Books will be collected in after SATs Week. Many parents invest in these guides as their children transition to college as they are a helpful revision tool. They can be readily purchased in bookshops and online.
