# **ISLEHAM WEEKLY NEWS**

# Week commencing: Wednesday 5th January 2022

## THE SPRING TERM HAS SPRUNG! - ADVICE FOR THE TERM AHEAD

As you will be fully aware, Covid-19 cases have been on the rise in the local area throughout the past month. During these unpredictable times, we will continue to work with the Public Health teams and Cambridgeshire County Council to do everything we can to maintain continuity of education for your children even if they or their teachers are required to isolate, and to mitigate risks wherever possible to offer a safe school environment for all of our school community.

## What's new for this term?

Whilst we ascertain what the local situation with regard to Covid-19 will be this month, we will be reintroducing some additional safety measures to reduce the risk of transmission of the virus between children within the school buildings:-

 A reduced number of after-school clubs will operate indoors this half term to ensure that only one class group attends each club at this time. We will write to individual classes who can be offered after-school clubs this term and each class teacher will also offer colouring and activities during a lunchtime club for the children.

 Assemblies and lessons for mixed classes will not take place- virtual or outdoor meetings will be set up instead

Isleham Church of England Primary School Malting Lane, Isleham, Ely, Cambridgeshire, CB7 5RZ

Telephone: 01638 780336 Email: office@isleham.cambs.sch.uk

 Events for parents and meetings/ visits for non-essential visitors will be held virtually until further notice

 FACE MASKS ARE BACK! Parents are encouraged to wear a face mask whilst on the school site

PLEASE WEAR A MASK OR A FACE COVERING WHILE ON THESE PREMISES.

# Which measures are ongoing?

 If your child is required to isolate but is well enough to carry out school work at home, he or she will be provided with up to 4 hours of school work per day to support his or her learning. Please log in to our ClassDojo learning platform. Your child may borrow a school iPad to complete home learning tasks if he or she does not have access to a PC or iPad which can be used throughout the school day during their absence

# ClassDojo

• Children will continue to be encouraged to wash their hands regularly, and touchpoints and equipment will be regularly sanitized. Children may use the school provided sanitizers and soaps or bring in their own in named plastic container/ bottle

Isleham Church of England Primary School Malting Lane, Isleham, Ely, Cambridgeshire, CB7 5RZ

Telephone: 01638 780336 Email: office@isleham.cambs.sch.uk

Staff and adults will wear masks in communal areas when not eating or drinking, and maintain social distance whenever possible. Children may also wear a mask on the journey to or from school, or within the classroom/ communal areas as long as they are confident to put these on and take them off independently and store them safely in a pocket or bag when not in use.

Please DO NOT attend school or enter the school site if you or your child are experiencing any symptoms of COVID-19. Contact the school and follow the advice offered by the NHS teams.

NO SCHOOL IF.

The office will continue to be open for essential visits only-please email or telephone with any queries: office@isleham.cambs.sch.uk or 01638 780336, or speak to a member of staff on the gate

Children can be delivered to the supervised playground from 8.45am daily and enter classrooms between 8.50am and 9.00am. Registers close and lessons commence promptly at 9.00am. Please park safely

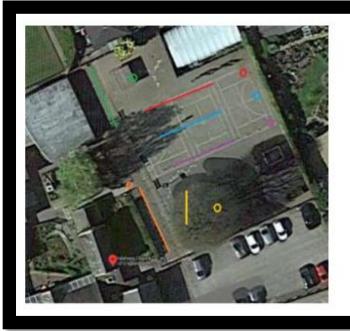

Children can be collected from the Reception playground or main between 3.15pm and 3.20pm daily. Year 1 to 6 parents- please make your way to the collection areas shown on the map below and leave the school site promptly. Please respect others' space and maintain social distance.

purple circle- Year 5 children waiting purple line- Year 5 parents waiting

yellow circle- Year 6 children waiting yellow line- Year 6 parents waiting

In addition to all these measures, the school will continue to be thoroughly cleaned and well ventilated throughout the school day.

We will continue to review the safety measures in place throughout January and let you know when advice or routines change.

We are looking forward to welcoming parents back into school and reinstating our planned class cafés and assemblies as soon as possible.

Please see the latest Cambridgeshire advice sheet for parents overleaf indicating how to manage a suspected or confirmed case of COVD-19 in a child- we hope you won't need this of course though!

With all best wishes for the term ahead,

Mrs Skillern and the Isleham Primary staff team

#### COVID-19 Guidance for Parents/Carers from 23rd December 2021

For any SUSPECTED or CONFIRMED case of COVID-19 in a child/young person please follow the flow chart below

SUSPECTED case if child/young person has COVID-19 symptoms

#### Key symptoms:

- A new continuous cough and/or
- high temperature and/or
- a loss of, or change in, normal sense of taste or smell (anosmia).

Additional symptoms that may be early warning signs of Covid-19 in children include upset stomach, headache, sore throat, unusual fatigue.

Book a PCR test as soon as possible online via the website www.nhs.uk/coronavirus-Alternatively, a PCR test can be ordered by phoning 119 for those without internet.

Ensure child/young person isolates at home until the test result is known. The rest of the household does **NOT NEED** to isolate if they

- Under 18 and 6 /months, or
- Fully vaccinated, or
- Part of a Covid Vaccine trial, or
- Exempt for other reason

If none of the above apply, then household contacts must isolate until test result.

Result of test POSITIVE NEGATIVE Child/Young person can return to setting

once well.

CONFIRMED case(s) following a Positive PCR Test

#### Positive PCR Result

Inform the setting of positive PCR. Ensure child/young person isolates at home for 7 days. They should take LFD tests on days 6 and day 7, at least 24 hours apart, and if both tests are negative, they can leave self-isolation as soon as they have a negative result from the second test provided they do not have a raised temperature.

If they decide not to carry out LFD testing or if they have a raised temperature on day 7, then they should continue with their self-isolation for the full 10 days. Children aged 0 to 5 years should isolate for 10 days but parents have the discretion of doing LFD tests on Days 6 & 7 if they want their child to end isolation earlier.

CONFIRMED case(s) following a Positive LFD Test

#### Positive LFD Result

Inform setting of positive LFD Take a PCR test WITHIN 2 DAYS of positive LFD - Online at www.nhs.uk/coronavirus or by phoning 119.

Child/young person and any unvaccinated adults who are close contacts must selfisolate whilst waiting for the PCR test result

#### **Negative PCR Result**

Child/young person and unvaccinated adults who are close contacts can stop isolation and can return to the setting. Restart twice weekly LFD home testing in secondary aged pupils.

### **Contacts of Positive Cases**

Household/close contacts who are fully vaccinated or under 18 years 6 months should do daily LFD tests for 7 days. The daily LFD should be done before leaving home for the first time each day. If during this time the LFD test is positive, the individual must self-isolate and arrange a PCR test. Children aged 0 to 5 years who are contacts of someone who tests positive are exempt from self-isolation and do not need to take part in daily LFD testing. They will be advised to take a PCR test if they are a household contact.

Household/close contacts only need to self-isolate for 10 days if they are over 18 years & 6 months and have not been fully vaccinated. Unvaccinated adult household/close contacts must isolate for 10 days.

If anyone else in the household becomes unwell and tests positive for Covid-19 the positive person will need to restart/start their isolation. The rest of the family who have been isolating, do not need to extend their isolation period.

- With the emergence of the highly transmissible Omicron Variant, we continue to ask families/children to wash hands regularly, keep spaces well ventilated, wear face coverings (if aged 11 and over) in crowded public indoor areas, maintain distance, get vaccinated and take LFD tests prior to meeting people outside your household.

  Face coverings are to be worn by everyone over the age of 11yrs unless exempt on transport to and from educational settings.
- LFD test = Lateral Flow Device tests are rapid tests that can be used at home and the result is available within 30 minutes.
- PCR test = polymerase chain reaction test that can be booked online and is sent to a lab for the result.
- If you have previously received a positive Covid-19 PCR test result within the last 90 days and you are identified as a contact of someone with Covid-19 you should not take a PCR test. You should only take a PCR test if you develop any NEW symptoms of Covid-19 or if you have a positive LFD test result, or if you are required to take a PCR test upon entry into the UK
- LFD tests are used for identifying Covid-19 infection where there are no symptoms. If you have symptoms always book a PCR test.
- LFD tests are safe to use in pregnancy. They are not recommended for children under 5 years of age but can be used at parent/guardian discretion.
- If you have had a Covid-19 vaccination you should still take part in the LFD testing as you may still transmit the virus.
- If you have had a recent nosebleed, or have a nose piercing, use the other nostril to swab for the LFD test. Always follow the instructions on the pack as there are different types of LFD tests.

# **CHRISTMAS 2021- THANK YOU FOR YOUR SUPPORT**

We were incredibly proud of the Reception, Year 1 and Year 2 children for their hard work in performing their nativity plays in December. Well done to all of you!

Thank you too to all who supported our Christmas jumper day by wearing festive attire, and to all who bought raffle tickets for the teddy and bottle tombolas, raising £200 for the school PTA.
